

North Ferriby Library refurbishment

North Ferriby Library has re-opened to the public, following its recent closure for refurbishment.

The library has had a more efficient heating and lighting system installed, replacement double glazing, new shelving and library desk and a new handrail and ramp at the front of the building for

customers with mobility difficulties.

Darren Stevens, head of culture and information, is delighted with the works that have been carried out at the library.

He said: "The refurbishment has brought this popular facility up-to-date and made it even more accessible.

"I am very pleased with the works, which will ensure that the high-quality standard of service offered will continue for years to come."

Opening times for North Ferriby Library will alter slightly to 10am-5pm on Tuesdays, 2-7pm on Thursdays and 10am-12noon on Saturdays.
